# ROM

ROM is committed to accessibility for all visitors. Access to our collections and information resources is one of our primary and defining responsibilities.

We recognize the diversity of our visitors' abilities and needs, and offer a variety of programs and services to ensure the accessibility of the Museum and its collections.

### **Support Persons**

We have developed an Admission Policy that provides free admission to support persons who will be assisting and accompanying persons with accessibility needs throughout the Museum. Please check our Ticket Information for details.

### **Access 2 Entertainment Program**

ROM is proud to be a partner of the Access 2 Entertainment Program administered by Easter Seals Canada. This program provides a dignified and positive entertainment experience for persons with accessibility needs who require the support of an attendant. See [easterseals.ca](http://easterseals.ca) for more information.

### **Entrance**

The Queen's Park Weston Entrance features a ramp and push button automatic doors. School groups may use the President's Choice School Entrance, located at the south end of the building on Queen's Park, and is equipped with an automatic door. This entrance can be accessed by a ramp with handrails by the planetarium.

All entrances feature an off-loading layby to drop off and pick up visitors with accessibility needs.

ROM has a board policy of Public Access and is a leader in implementing the Accessibility for Ontarians with Disabilities Act (AODA).
